To Whom It May Concern:

This letter is to state the commendable services of porcelain and fiberglass maintenance. Their staff has provided a superior customer services and professionalism that has proven to be flexible and reliable over the years.

Throughout our buildings, we have old formica kitchen counters that easily get damaged from tenants that use the counters as cutting board. Instead of having to go through the expensive cost of replacement, we have been refinishing them with porcelain and fiberglass maintenance for the past several years with great success. Since we switched over to the granite like speckled coating, we have especially seen the improvement in overall looks and durability.

We highly recommend porcelain and fiberglass maintenance for any of your refinishing needs. Their team will not only meet but exceed your expectations.

Sincerely,

A handwritten signature in cursive script that reads "Barbara Thomas".
